

## B'nai Jacob Centennial

**Congregation B'nai Jacob will celebrate its 100<sup>th</sup> anniversary in 2012.**

There are few times in the life of a community that call for special recognition.

Congregation B'nai Jacob is preparing to mark such a special and unique occasion as we approach the 100<sup>th</sup> anniversary of the synagogue's founding.

The coming Centennial is a wonderful opportunity for our synagogue community to learn about and celebrate our rich history. Congregation B'nai Jacob is blessed to have many families still in the area whose roots go back many decades. We hope our Centennial will be an opportunity to recognize those who have invested many years of service in our synagogue as well as those that have joined us more recently.

The Phoenixville Jewish community, blessed with endurance and fortitude, has brought us to this moment in history where we can look back and celebrate this milestone.
